NeoPoly B Sulfates and Bacitracin Zinc Ophthalmic Ointment USP (Sterile)

**DESCRIPTION:**

NeoPoly B Sulfates and Bacitracin Zinc Ophthalmic Ointment USP is a sterile antimicrobial ointment for ophthalmic use.

**INDICATIONS AND USAGE:**

A wide range of antibacterial action is provided by the overlapping spectra of neomycin, polymyxin B sulfate, and bacitracin.

**CLINICAL PHARMACOLOGY:**

Affinities of the neomycin B sulfates and bacitracin portion are indicated by their rapid treatment of superficial infections of the external eye and its adnexa caused by susceptible bacteria. Such infections encompass conjunctivitis, blepharitis and blepharoconjunctivitis.

**CONTRAINDICATIONS:**

The use of neomycin B sulfates and bacitracin zinc ophthalmic ointment is contraindicated in those individuals who have shown hypersensitivity to any of its components.

**WARNINGS:**

**NEVER INJECT INTO THE EYE**

Neomycin, polymyxin B sulfates and bacitracin zinc ophthalmic ointment should never be directly introduced into the anterior chamber of the eye. Ophthalmic ointments may retard corneal wound healing.

**SIDE EFFECTS:**

Bacterial resistance to neomycin and polymyxin B sulfates and bacitracin zinc ophthalmic ointment may also develop. If purulent discharge, inflammation, or pain becomes pronounced, the patient should discontinue use of the medication and consult a physician.

**PRECAUTIONS:**

As with other antibiotic preparations, prolonged use of neomycin B sulfates and bacitracin zinc ophthalmic ointment may result in overgrowth of nonsusceptible organisms, including fungi. If superinfection occurs, appropriate measures should be instituted.

AB035 Insert art, Pharmacode, B&L Header, INSERT FORMULA #1 07534, #1 03534, #2
**Neomycin and Polymyxin B Sulfates and Bacitracin Zinc Ophthalmic Ointment USP**

**DESCRIPTION:**
- Neomycin B Sulfates and Bacitracin Zinc Ophthalmic Ointment Insert, US
- **PART No.:** SPEC No.: 9113701-9113601 L-3002/L-3102
- **SPECIAL INSTRUCTIONS:**
  - **PLACED IMAGES:** AB035 Insert art, Pharmacode, B&L Header, INSERT FORMULA #1 07534, #1 03534, #2 C0ATING PER SPECIFICATION
  - **DIELINE DOES NOT PRINT**
  - **ARTWORK SET AT 100%**
  - **BLACK PMS 467**

**ADVERSE REACTIONS:**
- Allergic cross-reactions may occur which could prevent the use of any or all of the following antibiotics for the treatment of future infections:
  - kanamycin, paromomycin, streptomycin, and possibly gentamicin.

**PRECAUTIONS:**
- **Information for Patients:**
  - Patients should be instructed to avoid allowing the tip of the dispensing container to contact the eye, eyelid, fingers, or any other surface. The use of the product by more than one person may spread infection.
  - **Nursing Mothers:**
    - It is not known whether this drug is excreted in human milk. Because many drugs are excreted in human milk, caution should be exercised when neomycin and polymyxin B sulfates and bacitracin zinc ophthalmic ointment is administered to a nursing woman.

**FOR OPHTHALMIC USE ONLY**
- **DO NOT USE IF CAP AND NECKING ARE NOT INTACT.**

**SAFETY AND EFFECTIVENESS IN PEDIATRIC PATIENTS HAVE NOT BEEN ESTABLISHED.**

**ADVERSE REACTIONS:**
- Adverse reactions that have occurred with the anti-infective components of neomycin and polymyxin B sulfates and bacitracin zinc ophthalmic ointment.

**PRECAUTIONS:**
- Patients should also be instructed that ocular products, if handled improperly, can become contaminated by common bacteria known to cause ocular infections. Serious damage to the eye and subsequent loss of vision may result from using contaminated products (see PRECAUTIONS: General).

**HOW SUPPLIED:**
- Neomycin and Polymyxin B Sulfates and Bacitracin Zinc Ophthalmic Ointment USP is supplied in a 3.5 g tube with an ophthalmic tip.

**DOSAGE AND ADMINISTRATION:**
- Apply the ointment every 3 or 4 hours for 7 to 10 days, depending on the severity of the infection.

**ADVERSE REACTIONS:**
- Adverse reactions that have occurred with the anti-infective components of neomycin and polymyxin B sulfates and bacitracin zinc ophthalmic ointment.
