Itching & Redness Reliever Eye Drops

Eye Allergy Relief

- Temporarily relieves minor eye symptoms of **itching and redness** caused by pollen, ragweed, grass, animal hair and dander.
- Clinically proven effective for relief of itchy, red eyes.
- Once available by prescription only, Opcon-A combines an antihistamine with a redness reliever for the temporary relief of itchy, red eyes.

INGREDIENTS: **(ACTIVE)** pheniramine maleate (0.315%), naphazoline hydrochloride (0.02675%). **(INACTIVE)** hydroxypropyl methylcellulose (0.5%), sodium chloride and purified water with a boric acid and sodium borate buffer system preserved with benzalkonium chloride (0.01%) and edetate disodium (0.1%). The solution has a pH of 5.5-6.3 and a tonicity of 270-335 mOsm/Kg.

DIRECTIONS: **Adults and children 6 years of age and older:** Instill 1 or 2 drops in the affected eye(s) up to 4 times daily. After instilling drops in the eye, some users may experience a brief tingling sensation.

INDICATIONS: For the temporary relief of **redness and itching** of the eye due to pollen, ragweed, grass, animal hair and dander. REV 10/98

WARNINGS:

To avoid contamination, do not touch tip of container to any surface. Replace cap after using. If solution changes color or becomes cloudy, do not use. If you experience eye pain, changes in vision, continued redness or irritation of the eye, or if the condition worsens or persists for more than 72 hours, discontinue use and consult a physician. Overuse of this product may produce increased redness of the eye.

If you are sensitive to any ingredient in this product, do not use. Do not use this product if you have heart disease, high blood pressure, difficulty in urination due to enlargement of the prostate gland or narrow angle glaucoma unless directed by a physician.

Do not use in children under 6 years of age unless directed by a physician. Keep this and all drugs out of the reach of children. In case of accidental ingestion, seek professional assistance or contact a Poison Control Center immediately. Accidental oral ingestion in infants and children may lead to coma and marked reduction in body temperature.

Remove contact lenses before using.

Store at room temperature (15-30°C) (59-86°F).

Protect from light.

Use before the expiration date marked on the carton or bottle.
